ADDITIONAL FEATURES

WEATHER TIMER – Adjusts the working time to the lawn's growth rate. Maximizing its mowing time during periods of strong grass growth. Resulting in less time mowing, which decreases wear on lawn and mower.

LOW NOISE – Unique cutting system, Automower® works extremely discreetly and quietly and just when you want.

EXCELLENT CUTTING RESULT – Thanks to the free movement pattern of Husqvarna Automower® the lawn is perfectly cut, achieving a beautiful and carpet-like look. The razor-sharp blades cut the grass gently from all directions.

ACCESSORIES

Maximize your investment with a variety of accessories that help you get your work done faster and safer.

ADDITIONAL FEATURES

X-PACKAGE – Premium package includes LED headlights, Automower Connect®, increased lawn capacity, and premium body style standard.

AUTOMATIC PASSAGE HANDLING – All Automower models can pass through passages as narrow as 24". Passage handling also makes installation easier and reduces track marks.

GPS NAVIGATION – Automower uses GPS navigation to ensure the entire lawn is cut consistently and evenly.

ACCESSORIES

Maximize your investment with a variety of accessories that help you get your work done faster and safer.
